

AMENDMENTS TO THE SPECIFICATION

Please replace the following paragraphs of the specification. Applicants include herewith an Attachment for Specification Amendments showing a marked up version of each replacement paragraph.

Please insert the following heading on page 1, prior to line 6:

--BACKGROUND--

Please insert the following heading on page 5, prior to line 13:

--SUMMARY--

Please replace the paragraph beginning on page 5, line 13 with the following paragraph:

Example embodiments are ~~The aim of this invention is~~ to avoid the drawbacks described above by proposing a control method for the conformity of the network key.

Please replace the paragraph beginning on page 5, line 15 with the following paragraph:

Example embodiments use ~~The aim achieved using~~ a validity verification method of a network key in a digital domestic network comprising at least a broadcasting device and a processing device. The broadcasting device may include encrypted data to be broadcasted to the processing device. The data may be accessible by the processing device due to a network key unknown by the broadcasting device. The method may include following steps:

Please insert the following heading on page 7, prior to line 14:

--BRIEF DESCRIPTION OF THE DRAWINGS--

Please insert the following heading on page 7, prior to line 21:

--DETAILED DESCRIPTION OF EXAMPLE EMBODIMENTS--
